Letter of Support – Nightcliff Seabreeze

Dear Arts NT,

I am writing to encourage you to support the Nightcliff Seabreeze Festival in the tri-annual funding application. This festival has a fabulous impact on the artistic community of Darwin and a long term funding option could allow the festival to make secure planning.

This festival has been an important performance opportunity for The NEO throughout the years. In 2016, playing a key time slot on the CDU (main) stage enabled the band to reconnect with long term audiences and establish new connections. The show lead directly to further bookings in the area.

I recommend this application and would be very happy to be contacted by phone if you need more information.

Yours Sincerely
Jack Tinapple

Director
The NEO
